

# Your school can help us create our **One Millionth Smile!** in 2024

The Happy Hope Foundation was founded in 2011 with a mission to deliver hope and happiness to children receiving care for a health or safety crisis.

Through our Happy Hope Bag program, we have reached over 750,000 children across the U.S. and around the world.

Every Happy Hope Bag is filled with creative activities and basic care items that deliver a boost of hope when needed most.

**In 2024, we want to deliver our 1 millionth  
Happy Hope Bag – with your help!**
